

WEARABLE *Towel*TM

IT'S AS EASY AS

1

Place arm through outer opening, with towel coming across the front of your body.

2

Bring other end of towel behind the back of your body.

3

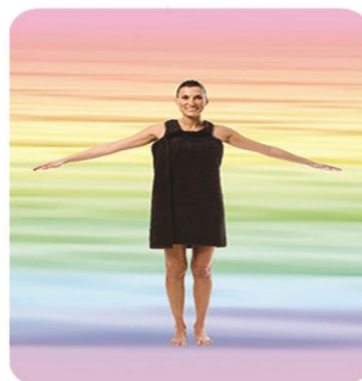

Place same arm through other outer opening and bring it up to your shoulder

Place one arm through outer opening and other arm through middle opening, with the towel coming across the front of your body.

Bring other end of towel behind the back of your body,

Place arm through other outer opening and bring it up to your shoulder.
